

Retirement Planning

For the over 45s

FREE
EVENT

- Superannuation. Pensions.
- Retirement. Does it all seem too hard?
- Ignoring the reality that retirement is closer than you want to admit will only keep you awake at night. If you were able to determine whether you will have a comfortable future, would you be interested in taking some action?

There are steps you can take right now to get certainty and security over your retirement savings. If you don't act now, will you have enough to retire?

Heidi Schwegler, Certified Financial Planner at AHS Financial, will share valuable insights including:

- How to determine your retirement income needs
- Accessing your superannuation even while you keep working (if you want to!)
- Controlling your tax payable
- Achieving peace of mind that your family will be financially secure after your death

Tuesday 22nd March
at Carlton Library

Retirement Planning
